## HOSPITALITY & TOURISM PHOTOGRAPHY

## PORTFOLIO

# WHO AM I ?

I am Lou-Ann, a travel photographer with a sensitive and introverted nature, which allows me to capture the hidden beauty of any place.

I have traveled to 4 continents in search of new adventures and unforgettable moments to capture through my lens.

From the breathtaking architecture to the magical atmosphere of certain places, I'm always looking for that little something that makes each place unique.

I have specialized my photographic practice in the hospitality & tourism industries.

My goal is to **inspire people to travel and discover exceptional cities and hotels.**

I am able to capture the personality and the experience of being in any venues, whether it is through the architecture, the staff, the ambiance, the decoration, a specific event or a combination of all of these.

Thanks to my experience and quiet personality, I'm able to capture a venue in full autonomy without disturbing your schedule, the staff or your clients.

Let me take you on a journey of color and unforgettable memories with my captivating images.
